

Report on Japanese Activities

Yukio Ito / JIRA

Takashi Nakashima / JAHIS

2011/DEC/01

DSC @ RSNA, Chicago, USA

Contents

- 1) Contribution to DICOM Standards**
- 2) National Standardization
(informative)**
- 3) JAHIS Standardization (domestic)**
- 4) Next DSC at Japan**

1) Contribution to DICOM Standards

- All requested votes successfully made.
 - Some were forwarded to professional groups locally for better decision
 - Teeth: Japan Dental Trade Association
 - eye: Japan Ophthalmic Instruments Association
- Supp124 : most pages reviewed.
 - Very close to Public Comment @ next WG-06

2) National Standardization

Government sets up new laws and standards.

Medical : MHLW (ministry of Health Labor and Welfare)

Some proxies are designated for research and settlement of new standards. (mainly technical standards)

one of them : HELICS (Health Information and Communication Standards Board)

When HELICS has authorized a standard, it is recommended to be included in RFP from public and private hospitals such as a new CT purchase.

2) National Standardization

Registered guidelines
